Community Benefit Society no. 8860

£50
energy efficiency grants
for council tax bands A - D

Bramley Greener Homes is a community project, run by Loddon Community Energy and funded by the National Grid Community Grant Programme.

Our volunteer Energy Champions come from the local community and are trained to identify how your home could be made more energy efficient.

Our Energy Champions will look at how you could improve your:

- Insulation - loft, walls, floor etc
- Windows and doors
- Draught proofing
- Heating controls
- Ventilation

We can give you advice around local and national grants - plus we have our own small energy efficiency grants scheme.

Bramley Greener Homes is not linked to any installers—we won't try to persuade you to do anything and we won't try to sell you anything.
